

DASIC AEROKLEEN DAR

Heavy Duty Aircraft Exterior Cleaner

- † Natural citrus solvent cleaner with biodegradable surfactants
- † Ideal for removing oils, grease, inks and adhesives
- † Can be used to remove rubber tyre marks
- † An effective dry wash material for aircraft
- † Safe on metals, glass, most paint schemes and many plastics
- † Effective chewing gum remover

DASIC AEROKLEEN DAR is a high performance biodegradable liquid cleaner designed to remove stubborn soils such as oil, grease, tar, inks, adhesives and rubber residues from aircraft surfaces.

DASIC AEROKLEEN DAR is an effective dry wash material for exterior cleaning of aircraft by hand when use of conventional water-based wash procedures is not allowed by airport authorities or local environmental regulations.

DASIC AEROKLEEN DAR is an effective material for removal of chewing gum from carpets and other surfaces.

DASIC AEROKLEEN DAR conforms to Boeing specification D6-17487 Revision R, for aircraft use.

APPLICATION

DASIC AEROKLEEN DAR is used either as supplied or diluted with water in varying proportions dependent on the soil being removed.

For general cleaning, **DASIC AEROKLEEN DAR** is recommended to be used at a ratio of 25% in water. Apply by spray, mop or cloth and left for 5 minutes before wiping off with a clean dry cloth.

For dry washing, **DASIC AEROKLEEN DAR** is diluted 1 part **AEROKLEEN DAR** to 7 parts water, sprayed on to aircraft surface with low pressure sprayer, left for a few minutes and wiped off with cloth or mop head.
