

## **DASIC AEROKLEEN<sup>®</sup> TSD**

### **Toilet System Deodoriser**

- † Contains wide spectrum QAC biocide
- † Biodegradable to EU regulation (EC) N0.648/2004
- † Leaves pleasant non-obtrusive odour
- † Routine turn-round toilet maintenance
- † Approved to AMS 1452B and Boeing D6-17487 Revision R
- † Use in contaminated cargo areas
- † Use on toilet components undergoing maintenance
- † Add to rinse water in toilet cleaning ground equipment

**DASIC AEROKLEEN TSD** utilises DASIC's experience with both the aviation and food hygiene industries to produce a product that is both airframe safe and effective at removing organic soiling from aircraft toilet systems.

**DASIC AEROKLEEN TSD** is a very high performance re-odorising material based on a proven QAC biocide for use in aircraft toilet systems and association areas.

The broad spectrum QAC biocide present in **AEROKLEEN TSD** is effective against bacteria to BS EN1276 and fungi to BS EN1650. **AEROKLEEN TSD** is formulated to ensure maximum resistance to microbial re-contamination.

**DASIC AEROKLEEN TSD** contains a mild perfume to leave a pleasant but unobtrusive odour in toilet compartment areas of the aircraft.

**DASIC AEROKLEEN TSD** has been developed to meet current and future environmental standards including the European Union Regulation (EC) No.648/2004 on detergent materials to provide aircraft operators with safe toilet deodorisers for the 21<sup>st</sup> century.

## APPLICATIONS

For effective servicing of toilets overnight or between flights, pour up to 500ml of **AEROKLEEN TSD**, as supplied, into the toilet bowl, then flush with water.

For servicing of toilets prior to maintenance, spray toilet area with a 10% solution of **AEROKLEEN TSD** 10 minutes or so before rinsing off prior to commencing work.

A 10% solution of **AEROKLEEN TSD** is recommended to re-odorise cargo areas of aircraft that have been carrying live animals or obnoxious cargo.

**DASIC AEROKLEEN TSD PRIME CHARGE** is a concentrate specifically designed for use as a prime charge when recharging toilet header tanks from a service bowser.

## APPROVALS

AMS 1452B, Boeing D6-17487 Revision R.

## PACKAGING

Box (12 x 500ml snap top bottles)  
25 litre drums.

## HEALTH and SAFETY INFORMATION

Always consult the product label and DASIC Safety Data Sheet before use.
